

Specification of subjects in master's degree studies

Subject code: TMPIIM5A2
Study program: Technologies, management and design of furniture and wood products
Type and level of studies: Master's degree study program
Subject name: Wood pathology – lignicolous fungi
Teacher (s): Milenko J. Mirić, DSc; Snežana Ivković
Associates:
Subject type: elective
ECTS: 8
Condition: Enrollment in Master's degree studies.
Subject aim: Introducing students to the bio-ecological characteristics of lignicolous fungi, as well as to the most important species of wood-rotting fungi.
Subject outcomes: Gaining the necessary knowledge of lignicolous fungi as causes of tree decay and conditions for the occurrence of rotting, in order to implement measures of rational wood protection.
