

**Specification of subjects in Master's degree studies studies**

<b>Subject code:</b> MIII71105/6
<b>Study program:</b> Forestry – Forest economics and organization
<b>Type and level of studies:</b> Master's degree study program
<b>Subject name:</b> Entrepreneurship in forestry
<b>Teacher (s):</b> Dragan Nonić, DSc; Jelena Nedeljković, PhD
<b>Subject type:</b> elective
<b>ECTS:</b> 6
<b>Condition:</b> That this student had passed the exam Organization and management of forestry enterprises.
<b>Subject aim:</b> To provide the students with the necessary organizational, entrepreneurial and other professional kinds of knowledge in the field of entrepreneurship in forestry. Students will be enabled to acquire knowledge about entrepreneurship and SMEs in forestry, programs, measures and activities related to the establishment and management of SMEs, the ways of organizing SMEs and clusters, measures to support the development of SMEs, and strategic, legislative and institutional frameworks, which affect SME business in forestry.
<b>Subject outcomes:</b> The acquired knowledge will enable the students to successfully solve the problem of establishing SMEs and managing small businesses in forestry. Students will be trained to recognize quality entrepreneurial ideas, as well as for the successful operation of SMEs and clusters. Students will be presented examples of leading companies from the EU and surrounding countries, which will enable them to more easily apply the acquired knowledge in future practical work.
