

Specification of subjects in doctoral studies

Subject code: ДМ2.4112Б
Study program: Technologies, management and design of furniture and wood products – Module 2.4. Machines and apparatuses in wood processing
Type and level of studies: Doctoral studies
Subject name: Wood industry energetics
Teacher (s): Gradimir J. Danon, DSc; Mladen Furtula, PhD
Associates:
Subject type: elective
ECTS: 8
Condition:
Subject aim: Enable future doctors of science to enter the fields of applied energy research and energy efficiency in wood processing plants.
Subject outcomes: Training students of doctoral studies to work on projects to improve the utilization of wood biomass for energy purposes and energy efficiency in the wood processing plants after they have attended the course and passed the exam.
